Top Rated MalwareBytes for Mac Alternative

So you're searching for an antivirus app similar to MalwareBytes. We humbly recommend MacKeeper which not only protects your Mac from viruses and malware, but also turns your Mac into a fresh computer running faster and better. It's the Gold Winner of TopTenReviews.com in 3 categories: Mac Antivirus, Mac Internet Security and Mac Encryption. It has more than 100 millions of users worldwide. They won't be wrong. MalwareBytes users won't be wrong to choose MacKeeper as an equivalent for Mac.

Anti-Virus/Anti-Malware

Keep your Mac safe from attacks coming from the dangerous Internet, volumes and any connected external drives. You can easily scan a folder or entire hard drive and remove/quarantine infected files as long as they are detected. It even work with Windows emulators such as Parallels or VMWare to detect and destroy either Windows or Mac viruses and malware.

Anti-Malwebsite

The Internet is the most vulnerable place for Mac security. Fortunately, it's safe now if you've installed MacKeeper on your Mac. This MalwareBytes for Mac alternative has maintained a list of known malicious web pages. Plus, if you've also found possible malicious websites, you're able to add them to the Blacklist so your Mac won't access pages of those sites.

Real-Time Protection

With the Real-Time Safe Surfing feature, you can browse the Internet without worries as all fraudulent websites will be blocked automatically, while you're typing the URL or clicking a link. You won't save any dangerous downloads any more. Your banking & credit card info stays safe. The Real-Time protection also applies to dangerous links in email messages.

Better than MalwareBytes

Different from MalwareBytes which is designed to detect and delete viruses/malware only, MacKeeper also includes tools to speed up your Mac, adjust your Mac and encrypt your important files. It's the essential Mac utility everyone should install on their iMac and MacBook.

Geek on Demand

In some worst case scenarios, you may need a real expert to help you remove viruses or fix errors. No problem. The MacKeeper team is ready 24 hour per day 7 days per week. You will receive a guaranteed answer from a Mac expert within 48 hours! Nearly 50 languages are supported.
